## Mold & Mildew Cleaning Products for Composite Lumber

### Deck Cleaning Kit

The Composite Deck Cleaning Kit provides a two-step solution for cleaning any composite deck and also includes a mold inhibitor to help resist the growth of mold & mildew. Each kit contains 6 lbs. of Corte-Clean Deck Cleaner and a gallon of our new & improved Deck Defender Mold Inhibitor. Each kit covers approx. 400 sq. ft.

### Armor All E-Z Deck Wash

Quickly washes away dirt, mold and mildew stains without scrubbing. Please follow manufacturer's instructions and safety precautions before using.

Available at most Home Depot and Wal-Mart stores. 1 gal will effectively clean approximately 300 sq. ft. of TerraFence™ or TerraDeck™.

### Corte-Clean Composite Deck Cleaner

Corte-Clean is the first environmentally friendly Composite Deck Cleaner developed specifically for use on composite decking materials such as PrairieDeck or CorrectDeck. Corte-Clean does not contain harmful chemicals such as sodium hypochlorite (chlorine bleach) or Oxalic Acid. Corte-Clean is a safest and eco-friendly choice for cleaning your composite deck. Removes Mold, Mildew, Tannin Stains (blackened wood fiber), Dirt, Pollen, Grease, BBQ Stains and Common Household Stains.

Available at [www.corteclean.com](http://www.corteclean.com).

### Behr Multi Surface Cleaner

A Certified Biodegradable interior/exterior cleaner, specifically formulated to remove mildew stains, algae, fungus and grime stains on contact. It cleans dirt and stains while lightening old, weathered wood. Removes mildew stains quickly and easily. This product is ready-to-use with no mixing required and is easy to clean up...just use water.

Check your local TerraFence™ or TerraDeck™ dealer for availability.

### Composite Deck Cleaner & Enhancer

Deck Cleaner and Enhancer is a heavy duty, mildly alkaline chlorinated mold and mildew remover/cleaner. Powerful penetrating detergents carry the cleaner rapidly through soils and into pores of deck to control the mold and its spores at their source. Deck Cleaner and Enhancer when applied to a dry deck will instantly begin to work. The decking material will begin to brighten and with little effort dirt and grime can be removed from the surface.
